<p>TOPIC: Behavior Intervention</p> <p>We discussed what are effective behavioral interventions particularly with regard to one student who has behavior challenges. We discussed and highlighted how sometimes this student's moods are so strong and overpowering that he doesn't fully comprehend how his actions are coming across to teachers as well as to peers in social interactions. We discussed seeking to work with him on skill building during non-tense moments when he is calm and thus will be better able to learn of improved ways of coping.</p> <p>Overall, teacher seeks to utilize this approach and will seek to bolster it with this particular student.</p>
