<p>TOPIC: Academic Accountability</p> <p>We discussed and worked on developing academic accountability specifically with regard to a certain student. We reviewed this student's capabilities and that while he may not be the strongest academic in the class, he is certainly capable. And it seems that his nature needs greater connection/rapport with teacher in order to inspire greater academic engagement.</p> <p>Overall, teacher was initially uncertain but was pleased to find that this approach actually helped with this student.</p>
